GRANT ON "AMERICANISM"

"I HAVE no apology to make for having been one week a member of the American party; for I still think native-born citizens of the United States should have as much protection, as many privileges in their native country, as those who voluntarily select it for a home. But all secret, oath-bound political parties are dangerous to any nation, no matter how pure or how patriotic the motives and principles which first bring them together. No political party can or ought to exist when one of its corner stones is opposition to freedom of thought and to the right to worship God 'according to the dictate of one's own conscience,' or according to the creed of any religious denomination whatever. Nevertheless, if a sect sets up its laws as binding above the state laws, wherever the two come in conflict this claim must be resisted and suppressed at whatever cost."—U. S. Grant.

STATE BUILDING

OREGON is hitting a normal stride again in building, according to an editorial summary by the Portland Journal of the largest construction jobs now in progress in the interior towns, as follows:

Roseburg's building record so far this year exceeds \$250,000. More homes are being built in that city than ever before. Plans for a \$25,000 Masonic temple are underway in Bend.

Work has commenced in Eugene on a business building and a capery is nearly completed at Dallas. Astoria's box factory is to have a new office building and dry kiln. Ashland is in the midst of plans for a new hotel which will accommodate the tourist travel to which that city is particularly attractive.

Salem's building record in April last year was \$95,800 this year the April total was \$97,400. Haines is building a large creamery and has the grandstand for the Haines Stampede under construction close to the Old Oregon trail in Baker county. North Bend has a monthly payroll now in excess of \$125,000 and claims to furnish more tonnage to the Southern Pacific than any other town outside Portland.

Pendleton will complete the \$120,000 St. Anthony hospital in July, and building construction in Corvallis is "booming" at such a rate that the seat of O. A. C. claims to lead Willamette valley towns in construction per capita. Both Warrenton, at the mouth of the Columbia, and Condon, the seat of Gilliam county, are to have new general purpose business buildings. These are additional evidences that business conditions in Oregon are taking steps upward.

BIG SAVING IN GOVERNMENT IS SHOWN IN 1932

(Continued from Page 1)

after the submission of the budget providing for representation of the United States at the Brazilian centennial exposition, seed loans, and fulfillment of the treaty with Colombia, as compared with the December budget estimates, showed an excess of only \$25,767,457 on a total tax of \$1,758,375,672, or a discrepancy of only about 1 1/2 per cent. The report was described by Director Dawes as an effort to determine what the real savings of the government had been during the current fiscal year.

KITCHEN FOR LANDMARK

MONTEREY, Calif., May 8.—An old Spanish landmark, the House of Four Winds, which has been standing in Monterey for probably close onto a century, has been given a kitchen all these years, as the Women's Civic club, which uses the building for meetings, has decided to add the kitchen. The new room will be built of adobe, in keeping with the house itself.

FLYERS MAKE RECORD

Three Million Miles Without Fatality Is Record for 1931

NEW YORK, May 8.—Three million miles in cross-country flight without fatality is the record of aviation in the United States in 1931, according to a report just submitted to the secretary of commerce by the aeronautical chamber of commerce of America with headquarters in New York.

The report is based upon the signed statements of 125 operators in all parts of the United States, with equipment numbering 609 planes, or approximately one-half the total now in commercial use throughout the country. It is interpreted by officials as an effective answer to the query as to the hazard of flight invited by recent spectacular accidents.

\$3,000 UP FOR PRIZES

Rich Rewards Offered Trapshooters at '49 Celebration

SACRAMENTO, Calif., May 8.—More than \$3,000 in prize money has been offered winners in the California-Nevada trap shoot in Sacramento May 23-28, during the "Days of '49" celebration. Invitations have been sent sportsmen in all parts of the coast and from reservations already received it is thought the event will be the greatest of its kind ever held on the coast.

In addition to money prizes, a \$200 diamond medal, a lion's skin and a \$100 puppy, as well as a long list of novel prizes, have been offered.

George Wingfield, of Reno, and Alden Anderson, Sacramento, are among prominent trapshooters who will participate.

PRISONERS IN MUTINY

11 Mutineers Wounded in Columbia Prison; Clubs Used in Chicago

COLUMBIA, S. C., May 8.—Mutiny of 150 convicts in the state penitentiary was suppressed today after 11 mutineers were wounded by penitentiary guards and city police.

CHICAGO, May 8.—Leaders in the riot in the riot in the Cook county jail were taken from their cells today and whipped with clubs and blackjacks before the disturbance which lasted four hours was stopped. The prisoners burned blankets and boards on the cell doors with iron bars, protesting because of an order visitors only once instead of twice a week.

SULPHUR BEST TO CLEAR UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has even been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment of disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—Adv.

Dr. Goble

Dr. Goble prescribes glasses for your eyes after a careful scientific examination. He gives you the benefit of an optical education and more than 25 years experience in fitting glasses. Hundreds of your neighbors and friends are wearing glasses prescribed and furnished by him. He has a complete surfacing and edging plant, where he grinds the lenses from the rough glass blanks that are required to fit your eyes. Now, if we can make lenses from the rough glass, we are capable of duplicating your broken lenses correctly, which we do while you wait. Immediate service. Come in and see how it is done. See the rough glass blanks in our window.

"OTHER WOMEN'S CLOTHES:" A GIRL AND HER MONEY

The photoplay which is to be shown at the Strand theatre this evening entitled "Other Women's Clothes," contains one of the most novel plots ever brought to the camera, and with its capable cast, headed by lovely Mabel Ballin, and its beautiful settings and photography, leaves little to be desired.

Briefly, the story has to do with a young girl who values money so highly, because of the purchasing power it represents, that she is willing to steal, and a young millionaire who begins to loathe his great wealth because he feels people are interested only in his money and too much; she, too little. Why not strike a balance and bestow some of his wealth upon her? The way in which this exchange of money is affected is entirely novel, and from here on the story progresses with many a queer twist and turn to an unusual but a happy ending.

As a photoplay based on a timely and much-discussed problem, "Other Women's Clothes," with its compelling love story dramatically presented, is the type of picture that will appeal strongly to patrons of the Strand theatre.

Its cast includes in addition to Mabel Ballin, in the leading feminine role, Raymond Blomcom, Crauford Kent, Mary Kitson, Auggie La Field and Rose Burdick.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a bottle of "Wreth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.—Adv.

DOES SHE SMILE ENOUGH?

When she learns of the conveniences, she will be satisfied with nothing but electricity in her home.

Why do thousands use electricity—When electric cleaners cost \$50.00 and brooms 50c?

Electric irons cost \$6.00 and fuel heated cost 50c?

Automobiles \$400.00 to \$4,000.00, when a horse and buggy costs \$300.00?

It's the SERVICE she gets; the ease in accomplishing the everyday tasks of life.

Where you can buy U. S. Tires

ACME MOTOR CO.

South Sixth Street

Never before could you get so much tire worth for \$10.90

CAR-OWNERS who bought a 30x3 1/2 "Usco" for \$10.90 last Fall have discovered this by now—

Nobody before ever got so much tire value in the neighborhood of ten dollars.

They never had to question the quality—with the makers of U. S. Royal Cords behind it.

They couldn't help admiring the price—spontaneously made to meet the new economy times.

A tire that would be high value at more than \$10.90. At \$10.90 it is unapproached.
